

## Program Overview and Target Audience

This program is designed to offer a broad-based update on traditional techniques as well as new ideas in the field of orthopedic surgery.

It is directed toward practicing orthopedic surgeons, orthopedic residents and fellows, and allied health professionals.

## Program Objectives

At the completion of this conference the participants will be able to:

- Describe operative strategies to employ when treating patients with a failed rotator cuff repair
- Differentiate between unstable and stable fracture patterns to optimize functional outcomes
- Analyze contemporary literature to determine which surgical treatment is most appropriate for a given physiological age and activity level of individual patients
- Identify the signs that may indicate the potential for intimate partner violence when evaluating patients in the outpatient setting
- Describe the recently released *American Academy of Orthopaedic Surgeons Clinical Practice Guidelines* on hip fractures

## CME/Accreditation Statement

The New England Orthopedic Society designates this live activity for a maximum of 11 *AMA PRA Category 1 Credits™*. Physicians should claim only credit commensurate with the extent of their participation in the activity.

The New England Orthopedic Society is accredited by the Massachusetts Medical Society to provide continuing medical education for physicians.
